

PRODUCT MANUAL

1 Download the app

Download the Accio app (search for 'Accio' on the Apple or Google Play store) and sign up!

2 Add Accio light to app

Select the + icon in the top right corner of the app and select 'Light Source'

Turn the light on and off 3 times at the socket switch, wait for the light to start blinking and confirm on the app

3 Choose 2.4GHz Wi-Fi

Select the 2.4 GHz option for your Wi-Fi and enter password

4 Start pairing!

Wait a few moments whilst the light pairs with the Accio app.

Once completed, you can name your light and assign it to a room e.g. Bedside Lamp, bedroom

HOW DO I CONNECT TO AMAZON ALEXA?

1. Enable the “Smart Life” Skill in Alexa app:

- Go to "Skills and Games" on Amazon Alexa app
- Search for "Smart Life" and enable skill
- Log in to "Smart Life" using your Accio login

2. Discover your Accio smart light:

- EITHER Tap “Discover” on the Amazon Alexa app
- OR say "Alexa, discover devices"

HOW DO I CONNECT TO GOOGLE HOME?

1. Enable the “Smart Life” Skill in Google Home app:

Open the Google Home app

- Go to "Account" tab
- Select “Explore”, which takes you to the Assistant app
- Search "Smart Life" in the search bar and set up
- Log in to Smart Life using your Accio login

OK Google, dim my living room light!

Hey Google, set my light to blue

Alexa, turn off my bedroom light!

STILL HAVING TROUBLE? TRY THIS!

- Check you are on 2.4GHz Wi-fi
- Ensure you have used the correct password
- Ensure the connection is strong by putting your phone and device near the router
- Turn the switch on/off ten times to reset the light to factory mode
- After you have tried all the above, please re-connect the light again.
